Description:	<p>This is a sweet white wine with an official certificate of the Catholic Church. It's a golden liquor wine from the neighbourhood of Valencia, an place which is quite famous for this wine. This sweet wine has some of the muscat grape, known as Moscatel Romano or Moscatel de Alejandria. The fermentation is stopped by adding wine alcohol at the right moment. This is how we become a liquor wine with still some unfermented residual sugar and an alcohol degree of 15 %. The production of moscatel in Valencia lies between 65.000 and 70.000 liters each year, depending on the harvest. This liquor wine distinguishes itself from MOSCATEL DE VALENCIA because it is less sweet. Just like the MOSCATEL, this liquor wine has a set of very typical, intense aromas with a very fruity nose.</p>
