Alcohol degree:	12 %
Serve at:	16°C-18°C
Serve with:	meat, wild game, mushrooms, fowl, cheeses
Description:	<p>These Quality Designation of Origin wines are produced in the interior of Catalonia, in the region that gives its name to the designation of origin: Priorat. Priorat is a region enclosed by a precipitous circle of mountains, within which we find a fascinating landscape where the grapes grow on terraces. The Grenache and Carignan are aged in French oak and the remaining varieties in American oak. The wine continues its ageing in the bottle for a minimum of 12 months. Deep cherry red colour with purple reflections, with aromas of black fruits, vanilla and toasted almond. The mouth is round and potent, concentrated with hints of marmalade and cocoa. Persistent aftertaste, elegant and balanced with fine nuances from the ageing process. Due to its characteristics this wine has not been filtered and we recommend the wine be decanted.</p>
